

Thank you for choosing to sign-up with the Texas Disposal Systems, Inc. Bill Pay System.

Below are step by step instructions.

Once you have entered the On-Line Bill Pay page, please select "Sign Up".

The following page will open:

The screenshot shows a web browser window with the URL <https://www.tdspayments.com/webpak/run>. The page header includes the Texas Disposal Systems logo and navigation links: Welcome, Sign In, Home Page.

The main content area contains the following text:

Please enter your customer number, the access code found on your statement, your e-mail address, and a password (must be at least 6 characters and must contain at least 1 number).

Billing Notification Options are:

1. Only receive email billing notices
2. Receive email billing notices and printed bills
3. Only receive printed bills

The last 4 digits of your Social Security Number are needed for verification should you need assistance from customer support.

\* indicates a required entry

The registration form includes the following fields:

- Customer #\* (text input)
- Access Code\* (text input)
- E-mail\* (text input)
- Confirm E-mail\* (text input)
- Password\* (text input)
- Confirm Password\* (text input)
- Billing Notification Option\* (dropdown menu with "-- Choose --" selected)
- Last 4 digits of Social Security Number\* (text input)

At the bottom of the form are "Signup" and "Cancel" buttons.

Please look at your Statement or Invoice and find the “Customer Number”. Use the same format without the last, separate digit when signing into Bill Pay. Leading zeros in the customer number portion are not required and if the company number is just one character followed by a blank, the blank is not required. For instance, account number ‘1 -0000001’ may be entered as ‘1-1’ or ‘1 -01’ or ‘1-0000001’.

Your access code is found at the bottom of your statement or invoice and will consist of a series of numbers. Please note the email address and password that you prefer to use as you will need these pieces of information each time you sign in.

Also, the Billing Notification Option has three selections. The “1. Only receive email billing notices.” selection will allow billing notices will come to the email you list and will simply tell you that new billing information is now available to view at Texas Disposal Systems ePay system. If you require an invoice or statement in a standard format, please select “2. Receive email billing notices and printed bills” or “3. Only receive printed bills”.

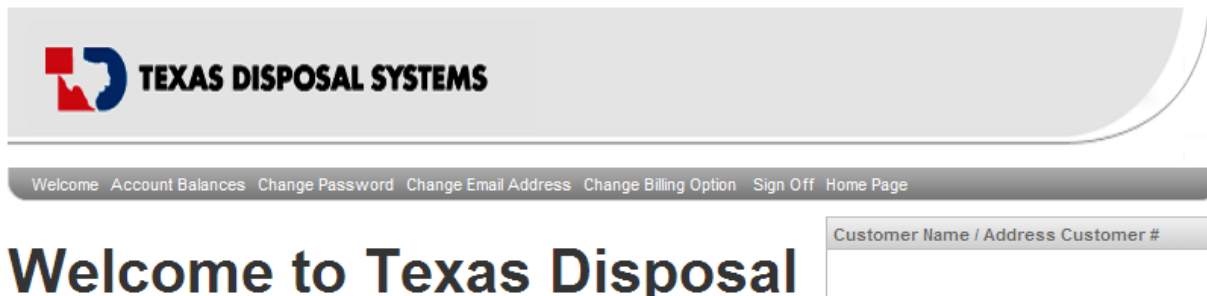

The last four digits of your social security number is used for security purposes should you call in for help with this system. The digits and other information are not viewable by our Customer Care staff and you

will be transferred to a Cash Receipts staff member for more information. The information you list is restricted.

You can sign up multiple accounts with the same User ID and password. All of the accounts signed up in this way will appear when you next open the on-line bill pay site. You can select the ones you want to make payments on and make individual payments. We cannot currently offer the ability to make one payment and apply it to multiple accounts.

Once you have signed up for ePay, you will be able to view and pay open invoices and statements with Visa, Mastercard, Discover, or American Express.

Once you have signed in, the screen below will come up. Please pass your cursor over the different options on the gray line. As each selection is passed over, the selection will turn orange and you can select it. Your customer name or company and account number will appear in the box on the right.

## STATEMENT SAMPLE

Statements have a statement date rather than an invoice number. Statements are generally sent to residential and pre-paid roll-off customers. They show previous balances, current payments, current charges, and a current balance due. Select the credit card payment button if you agree with the statement to make a payment. If you have questions, please contact our Customer Care department at 512-421-1340 or [support@texasdisposal.com](mailto:support@texasdisposal.com).

## INVOICE SAMPLE

Invoices are generally sent to commercial customers and non-pre-paid roll-off customers. The account activity box will show the previous balance and total of payments since the last bill. To select invoices to pay in the bottom box, click on the boxes to the left of the "Amount to Pay". The Amount to Pay is the invoice balance – you can change this if the payment is for less than the amount still owed on the invoice. If you have questions, please contact our Customer Care department at 512-421-1340 or [support@texasdisposal.com](mailto:support@texasdisposal.com). The blue symbol on the top left of the Invoices box is a refresh button and the up and down arrows are for sorting.

**CREDIT CARD PAYMENT**

## MAKING PAYMENTS

After clicking on “Credit Card Payment” you will see that you now have the opportunity to save payment information from any particular credit card you wish to use. The payment information is not stored on the website and is safe, meeting PCI requirements for credit card information storage. Select “New Card” to make a one-time payment or to input the information you wished stored for future use.

Having our on-line payment system “remember” your credit card information will not allow you set up an automatic payment schedule. Should you wish to do that, please contact our Customer Care team to get autopay information.
