

84% of LIVE! Readers Uncomfortable with City's Direction on Trash RFP

by Joe Hyde

May 5, 2014

The San Angelo Trash Controversy

San Angelo LIVE! readers, by a wide margin, are not comfortable with the way the City of San Angelo has handled the trash request for proposals (RFP) process.

The poll was opened Friday evening and closed this morning just after 8 a.m. We posted a link to the poll on San Angelo LIVE! and San Angelo Connection Facebook walls as well as notified our email subscribers Saturday morning.

The poll contained one question:

“Are you comfortable with the Request for Proposal process for the trash collection contract and landfill management as executed by the City of San Angelo?”

The answers were “Yes” or “No.”

Of the 360 responses, 303, or 84% answered “No.” There were only 57 responses, or 16%, that answered “Yes.”

The survey was conducted through SurveyMonkey, an independent surveying platform.

You can download a *pdf of the survey results here.
